MEASUREMENT GUIDE

If you have measurement questions, please take picture of your pony from multiple angles and give us a call/text! (641) 799-5042. Most products can be custom made.

	How to Measure	Pony	Mini
HEADSTALLS	Measure from 1" above the crease of the lip on each side. If measuring for a hackamore or combination bit, measure from 1" below the point of the cheek bone on each side.	Adjusts from 24" - 30"	Adjusts from 30" - 38"
BREAST COLLARS	Measurements are taken from D-Ring to D-Ring on the breast collar	24" w/ adjustable tug straps	30" w/ adjustable tug straps
BITS	Slide a solid ruler into the pony's mouth just like a bit. Make one side flush with the lips, record the measurement on the other side. Add 1/4" to prevent pinching.	4.0" / 4.5"	3.5" / 4.0"
LEATHER REINS	Measure from where the reins attach to the bit to the saddle horn.	1/2" Wide 60"-72"	1/2" Wide 40" - 50"
HACKAMORE & COMBINATION BIT NOSEBANDS	Measure from point of the cheekbone on one side to the point of the cheekbone on the other. Add 1". ADJUST TO SIT 1" BELOW THE CHEEKBONE.	Med/Large: 9" Med/Small: 8"	7" / 8"
TIE DOWN NOSEBAND	Measure from 1" below the points of the cheek bone the distance around the nose and add 2-3"	30" Circ.	Adjusts 26" - 30"
TIE DOWN STRAP	Measure from the front D'Ring to 2" away from the bottom of the chin when pony's head is in a nuetral, comfortable position.	Adjusts: 24" - 36"	
FRONT CINCHES	Measure 2"-3" above the pony's elbow to the midline under the belly and multiply x2.	18", 20", 22", 24"	12", 16", 18", 20"
